Wiki forms National Archives and administration of records [edit code | edit source] The federal records website contains charts and forms of the U.S. National Archives. Forms that correspond to federal records are useful for translating or abstraction of information from original records. Pedigree Charts and Family Group Sheets Anceals Chart (pedigree chart) Family group sheet Federal census forms Uninnatal Forms Census Forms Agricultural Industry-Manufacturers Mortality 1890 Census Supplementary Forms: Defective, Dependent, i Delinquent Classes Immigration Form New York 1882-1903 1903-1907 1907-1917 1917-1924 192 4-1948 1948-1957 St. Albans Military Forms WWI Draft Registration WWII Draft Registration Archives.com[edit | edit source] Timeline Matrix - Available from a for subscription pay site , this professional article describes in detail how to build your simple timeline or timeline master and provides several examples that you can use with spreadsheet software, such as Microsoft Excel. Ancestry.com[edit | edit source] Ancestry.com is a subscription site for payment. It is recommended that you use the icons offered by Adobe Reader instead of using the Internet browser printing option. If you use the browser printing option, unexpected results, such as printing a blank page or printing a distorted copy of the image, may occur. Ancestry chart - An ancestral chart records ancestors, from which you descend directly-- the ones you plan to migrate to a complete and proper family unit. At first sight, it shows the progress you have made on this objective and what needs to be done. Research Calendar - Research Calendar gives an account of each record source you've searched for and serves as a reminder to you have already done and where you have found the necessary information. Research Extract - Use research extracts of sheets to summarize information that cannot be photocopied, for which there is no document in your possession, or for things like works that can be time-consuming or difficult to read quickly when you need information from a copy that you have. Correspondence - It is important to keep track of those from which you have been written, the reasons for writing and whether or not you have already received a reply. Family Group Sheet - Any information about the ancestor of the pedigree and his family is placed on the worksheet. As the end result of your research efforts will be to relocate complete, correct and connected families, the use of family group leaves will make it much easier to prepare from the beginning. Resource Summary - It is useful to quickly refer to the information you have found for a particular family and the sources of that information. Keep a separate summary of the information sources found for each family group. Census forms - Census forms are two values: not only do they allow researchers to view format and column headings for different census years (especially if the schedules themselves are difficult to read), they also provide a clean and convenient method for obtaining and submitting important information that you can find. U.S. Census Forms UK Census Forms Canadian Census Forms GenealogyBank[edit | edit source] Family Tree Template - Download a free family tree template. Insert your ancestors into editable fields. Printing and frame. Use anterior tracking census[edit code | edit source] See Build a probable case by following and tracking censuses for beginners in the FamilySearch Learning Center.
